

Hello!

If you are applying to one of our limited enrollment programs in the School of Education, we will be offering information sessions about the application process for Kinesiology and for Teacher Education programs. In addition, the Writing Center will be facilitating essay writing workshops for us.

Students applying to professional programs with a February 1, 2020, application deadline are encouraged to attend these workshops on the application process and essay writing. No registration is necessary and all interested students are encouraged to attend.

You can find links to our program application instructions on the "Apply to a Program" page on the School of Education website: www.education.wisc.edu/apply.

If you are thinking of applying to one of our programs and cannot attend any of these meetings, contact our reception desk to schedule a meeting with an advisor: (608) 262-1651, OR, find us on Starfish!
