This proposal serves as the fast-track eligibility proposal to transition the current named options (i.e., submajor) of "Educational Psychology MS: Research named option, informal track in School Psychology" and "Educational Psychology MS: Educational Specialist named option" to the degree/major-level as the "MS in School Psychology." This program will be a non-admitting master's degree awarded upon completion of the first 31 credits of coursework in the proposed PhD in School Psychology or the EdS in School Psychology.
