Proposal Abstract/Summary:

The University of Wisconsin-Madison's Department of Curriculum and Instruction (C&I) proposes to transition its Capstone Certificate in Spanish-English Bilingual-Bicultural Education in the School of Education to a 100% online program. Leading to bilingual-bicultural licensure, the transition to a fully online program responds to the need to train language, English as a Second Language (ESL), and bilingual educators from across Wisconsin to understand and apply knowledge about teaching, learning, and curriculum in and across bi/multilingual students' home languages and English that provide equitable educational opportunities for these students in K-12 schools. Offering an online distance learning opportunity will afford greater access to an innovative certificate and license for educators across the state in districts where demographic shifts means they are increasingly serving larger numbers of bi/multilingual (or English Learner) students, including districts in more rural or distant locations within the state. The program is still comprised of 14 credits, or 4 courses, including a 90-hour (2 credits total) required field/practicum experience in the fall and spring semesters; the online program will also be undertaken solely in Spanish. Practicum courses will rely on video recordings and representations of teaching and classroom practices for learning, analysis, and evaluation.

We will still require a current Wisconsin teaching license, transcripts from undergraduate institution demonstrating minimum 2.75 GPA, and advanced-low Spanish language proficiency.

If approved, what term should the proposed change start? (usually the next fall term)

Summer 2023 (1236)

Is the change being proposed only a curricular change that would impact fewer than 50% of the credits in the program (i.e., plan or subplan) under consideration?

No

Basic Information

Program State:	Active
Type of Program:	Capstone Certificate (Special only)
Who is the audience?	Special
Home Department:	Curriculum and Instruction (CURR INSTR)
School/College:	School of Education

The program will be governed by the home department/academic unit as specified. Will an additional

coordinating or oversight committee be established for the program?

No

Is this in the Graduate School? Yes

List the departments that have a vested interest in this proposal.

Departments
Chicana/o and Latina/o Studies (CHICLA ST)
Spanish and Portuguese (SPAN PORT)
Language Institute (LANG INST)

Are all program reviews in the home academic unit up to date? Yes

Are all assessment plans in the home academic unit up to date? Yes

Are all assessment reports in the home academic unit up to date? Yes

Mode of Delivery:

Distance Education (100% online) ~~Face-to-Face (majority face-to-face courses)~~

Provide information on how any lab courses required for the degree will be handled.

The Capstone Certificate in Spanish-English Bilingual-Bicultural Education does not require any lab tasks or assignments.

Will this program be part of a consortial or collaborative arrangement with another college or university?	No
Will instruction take place at a location geographically separate from UW-Madison?	No
Will this program have outside accreditation?	No
Will graduates of this program seek licensure or certification after graduation?	Yes

Guide Certification/Licensure tab

Wisconsin Department of Public Instruction Bilingual-Bicultural Education Supplemental Licensure Requirements

1. Current Wisconsin teaching license
2. Proficiency in English and in the target language (Spanish)
3. Completion of an approved program in bilingual-bicultural education at the grade-level of the license being sought

Approved Shared Content from /shared/university-professional-certification-licensure-disclosure-nc-sara/

Professional Certification/Licensure Disclosure (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

The requirements of this program meet Certification/Licensure in the following states:

Wisconsin

The requirements of this program do not meet Certification/Licensure in the following states:

Not applicable

The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wyoming; District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

Year of three year check-in to GFEC (3 years after first student enrollment):

2025

Year of first program review (5 years after first student enrollment):

2027

If this proposal is approved, describe the implementation plan and timeline.

Upon university approval, the implementation plan and timeline are as follows:

1. Create a new program website that will be linked to the department website with program information and details for prospective students, including application materials, requirements, and deadlines;
2. Review applications of prospective students;
3. Add new courses to the timetable for Summer 2022;
4. Hire qualified bilingual (Spanish-English) graduate student instructors (i.e., TAs) to teach first two courses in Summer 2022;
5. Design and coordinate capstone certificate program orientation;
6. Begin courses; Professors Pacheco and Román support and supervise graduate student instructors throughout summer;
7. Prepare to add capstone certificate programs to fall and spring academic timetables;
8. Monitor program participants throughout the academic year.

Rationale and Justifications

What is the rationale for this change?

The school districts with the largest numbers of bi/multilingual (or English Learner) students in Wisconsin are in the areas in and around Madison, Milwaukee, and Green Bay. Yet, many school districts across the state, in more rural areas, are seeing percentage increases in the triple digits since their overall numbers of bi/multilingual students have grown. Bi/multilingual students in Arcadia School District, for example, have grown by over 500% in recent decades. While there is a need for licensed Spanish-English bilingual-bicultural educators in Madison, Milwaukee, and Green Bay, the need is more pressing in more rural or distant locations within the state.

To this point, the language area (Bilingual and ESL Education) in C&I has fielded multiple inquiries about offering more flexible learning modalities beyond the current face-to-face option. Recently, several prospective applicants inquired about applying but did not continue due to the distance to campus, especially during the academic year, and the added financial burden of needing to stay overnight to attend weekend classes. Similarly, other calls and emails inquired whether the program would continue to offer a virtual option post-COVID-19 given the successful online learning that has occurred since moving instruction online. Based on these inquiries, having an online program offers interested applicants a viable option beyond the current in-person options that can be prohibitive for working educators throughout the state.

Currently, the majority of teacher education programs in C&I offer in-person instruction. By transitioning the current Spanish-English Bilingual-Bicultural Education capstone certificate to a 100% online program, it provides another program pathway for those interested in pursuing professional development opportunities and meeting requirements for professional development for educators who are out of the geographical reach of campus.

What evidence do you have that these changes will have the desired impact?

The primary goal of bilingual-bicultural educators is to create and advance socially just programs and school contexts that provide learning environments grounded in research-based best practices ensuring that all children will learn, particularly bi/multilingual students that speak non-English languages at home. Additionally, the importance and demand for coursework around language learning and development, and issues that pertain to teaching and learning across bi/multilingual students' home languages and English is necessitated by state-level requirements, as determined by the Wisconsin Department of Public Instruction, for anyone pursuing a teaching position within the K-12 system that serves growing numbers of bi/multilingual students. A capstone certificate in Spanish-English Bilingual-Bicultural Education complements the initial Wisconsin teaching license that minimally addresses issues pertaining to diverse populations of bi/multilingual students. By pivoting to providing a 100% online learning environment, it expands access and reaches eligible educators throughout the state.

Bilingual-bicultural educators have a significant influence on school culture, building instructional capacity, advocacy efforts on behalf of bi/multilingual students, and establishing pedagogical and instructional practices centered on equity and excellence for all students. Classroom teachers clearly have a significant impact on students' learning outcomes. With this in mind, there is significant interest in professional development opportunities that prepare teachers to effectively and successfully serve bi/multilingual students by further developing a skill set that includes research-based pedagogical and instructional approaches that build on-- rather than suppress--students' (and their families') linguistic resources and skills.

A recent Wisconsin Policy Forum report (2021) argued for an expansion in the number of well-prepared teachers of color, particularly in the shortage areas of special education and bilingual-bicultural education. A second report titled "A Closer Look at English Learners in Wisconsin" (Wisconsin Policy Forum, 2021) recommended that content area and general education teachers could benefit from ongoing professional development in language development and supporting the development and use of curricula and materials in bi/multilingual students' home languages. There is no doubt that transitioning this capstone certificate program to an online one, and the Spanish-English bilingual-bicultural license it affords, will help the School of Education address a key shortage area locally and across the state.

What is the potential impact of the proposed change(s) on enrolled students?

We do not currently have any enrolled students. The program will commence in Summer 2023.

What is the potential impact of the proposed change(s) on faculty and staff?

The impact on faculty and staff is minimal, as program admissions and requirements are not changing.

Diversity and Inclusion

Describe how the proposed program curriculum and learning outcomes will advance inclusive excellence. Discuss specific components and requirements within the curriculum that will offer students opportunities and learning activities to engage in diversity with respect to perspectives, theories, practices, and populations different from themselves. If internships or clinical, practicum, or experiential learning experiences will be required, discuss how students will have access to diverse practice settings.

By design and definition, the proposed program will prepare teachers to work with, learn from, and serve bilingual, bicultural, and biliterate K-12 pupils in public schools, many of whom are from low- or modest-income backgrounds. The program will center on a population of K-12 that is growing but is still lesser understood than those from majority White and mainstream backgrounds (as far as schooling is concerned). They are typically the children of immigrants and in the case of Spanish speakers locally and nationally, they are typically from Mexico and to a lesser extent, from Central and South America. Thus, the required readings, course assignments, and practicum experiences will help teachers both appreciate linguistic and cultural diversity but also help them understand, theoretically and methodologically, how to build on their pupils' linguistic and cultural diversity to advance teaching, learning, and curriculum.

The program requires Spanish language proficiency. A positive disposition toward non-English languages and bilingualism, biculturalism, and biliteracy will serve teachers well and demonstrates an appreciation for diversity and inclusion. Equity will function as a broad framing in the program and throughout coursework as students will learn about the long history of equity issues that plague bilingual, bicultural, and biliterate K-12 pupils and the theoretical and empirical knowledge base about asset-oriented and strength-based approaches that better serve these pupils in schools. The proposed capstone certificate will make use of this diversity as students draw on their own backgrounds to identify with, reflect on, and fully appreciate the diversity represented among the K-12 pupils they will serve, specifically through required readings, discussions in large and small groups, case studies of focal bilingual, bicultural, and biliterate pupils, action plans, and analysis of bilingual practices in different contexts and settings in and outside of school.

Discuss how the proposed program will actively pursue an equity in student recruitment, access, retention, and degree completion. Describe specific strategies to identify and recruit a diversified student population for programs that do direct admissions. Include evidence-based and effective practices. Provide examples of academic and student support services that will be implemented to support student learning success and completion.

The program will be marketed to a diverse prospective student pool. The capstone certificate program will be marketed to students who are interested in serving linguistically and culturally diverse pupils but it will also require students to demonstrate Spanish language proficiency, which means students will have invested time and effort in learning a second/additional language. The program will work closely with the Office of Equity, Diversity, and Inclusion (OEDI) in the School of Education (SoE) to recruit, increase access for, retain, and support the program completion of racially and ethnically diverse students. The OEDI explicitly advances efforts to support diverse students by offering some key initiatives that increase demographic diversity but support diverse students that will enroll in the proposed capstone program. To increase demographic diversity among students in the SoE, OEDI offers the Precollege Excellence in Education Program, the Tomorrow's Educators for Equity in Madison program, the Minority Student Achievement Network, the Summer Education Research Program, and the Education Graduate Research Scholars program. Additionally, the program will recruit diverse students from Madison College's Liberal Arts Transfer in Education program and Education Pre-major program. Also, the two program faculty (Mariana Pacheco and Diego Román) will monitor students' program experiences and address their needs as appropriate through resources in C&I and the SoE (e.g., the Teacher Education Center). For example, C&I currently instituted a Student Advisory Committee where students of color can raise issues of concern about campus and program climate as well as voice their needs so that faculty and staff can respond as appropriate to ensure students of color remain in the program and complete it as expected.

Consider how the proposed program will ensure equity in recruiting and hiring of faculty, instructional staff, and staff who will oversee the program curriculum, professional/career development experiences, and research/scholarship where relevant.

According to the OEDI in the SoE, "people of color represent 36% of our faculty against a higher education benchmark of 30%" and as a unit, the OEDI remains "committed to equitable and inclusive recruitment practices."

The SoE has an impressive array of efforts to recruit and retain demographically diverse faculty and staff by providing salary support, supplementing recruitment packages for new faculty, and encouraging retention of faculty by supporting their research and teaching. These initiatives include the Target of Opportunity program, the Anna Julia Cooper Postdoctoral Fellowship, and the Nellie McKay Fellowship. The C&I department has relied on these funding initiatives to increase the demographic diversity of faculty and staff, which inevitably attracts and helps to make the department a more inclusive space for students of color who will participate and work in the proposed program. Professor Román, one of the two faculty associated with the capstone certificate program, was supported through these initiatives.

In particular, the program will be staffed to support a diverse student body. The two faculty members associated with the program (Mariana Pacheco and Diego Román) represent the kind of diversity desired in the SoE and its departments. Both are Spanish-English bilinguals (Spanish was the home language), from Latina/o/x backgrounds, former Spanish-English bilingual teachers, first-generation college students, and consider themselves people of color. Professor Pacheco is tenured and the U.S.-born daughter of Mexican farmworker immigrants. Professor Román is an Assistant Professor and Ecuadorian national who has lived in the U.S. for decades. As faculty members in the Bilingual Education area in C&I, they also advise and mentor graduate student advisees who represent very similar diverse backgrounds. Primarily, these graduate student advisees will also work as instructors in this program and in these cases, the faculty will serve as their immediate supervisors, ensuring ongoing and close contact with students in the capstone program. This kind of diversity among instructors is unparalleled in most SoE and campus programs. Yet, this diversity will serve the students well as faculty can empathize with their challenges, concerns, and needs and understand the important institutional role they play as faculty in ensuring the effective preparation and success of students in what is expected to be a demographically diverse program.

Note any plans or strategic initiatives at the university that are closely linked with the development of the proposed program. Note how efforts will align with the appropriate and applicable accreditation standards that address diversity where relevant. To the extent that the response to questions related to diversity, equity, and inclusion are connected to plans at the department, school/college or university, make those connections explicit where relevant.

UW-Madison's Division of Diversity, Equity, and Educational Achievement website and the SoE Office of Equity, Diversity, and Inclusion identify a list of initiatives around diversity, inclusive teaching and pedagogy, educational equity, breaking the bias, cultural competence, and reducing racial prejudice and racism, particular in the context of classrooms.

The proposed capstone certificate program in Spanish-English bilingual-bicultural education is closely linked with several important goals around diversity, equity, and educational achievement. First, it requires students to demonstrate proficiency in Spanish, the second most spoken language in the world, and this proficiency inevitably exposes students to the racial and cultural diversity across Spanish-speaking communities in the U.S. and across the globe. Second, the proposed program will engage students in developing deeper knowledge about racial, linguistic, and cultural diversity by exposing them to theoretical and pedagogical tools that promote an asset-based, rather than racist and hence deficit-based, approaches to teaching, learning, and curriculum processes. Finally, it will be grounded in the university's notion of inclusion and equity. That is, students in the proposed program will build on the knowledge they previously acquired in their initial teacher education programs to further examine how bilingual-bicultural education in Wisconsin reflects the principles and ideals of an inclusive and equitable education that cannot be one-size-fits-all and instead must be responsive to the strengths and needs of racially, linguistically, and culturally diverse student populations who do not speak Spanish as a home language.

Faculty and Staff Resources

Confirm that the program advisor(s) or coordinator(s) have been consulted and reviewed this proposal.

Resources, Budget, and Finance

Is this a revenue program? No

What is the tuition structure for this program?

Standard graduate, per-credit resident/MN/nonresident

Will segregated fees be charged?

Yes

Rationale for segregated fees.

Given considerations associated with the proposed change, describe the academic unit's fiscal capacity to support the instructional and curricular requirements, academic and career advising, student support services, technology needs, and relevant assessment of student learning and program review requirements. Is there sufficient capacity in the curricular and academic support services to meet the additional workload? For research graduate programs, include information on how the program will be administered and how student funding will be handled. For undergraduate programs, include information on academic advising, career advising, student support services.

C&I is committed to supporting the online version of Capstone Certificate in Spanish-English Bilingual-Bicultural Education. All aspects of the program, including admissions, requirements, advising, and administrative support will continue as originally articulated and intended. Additionally, the program plans to rely on bilingual education faculty (Professors Mariana Pacheco and Diego Román) and graduate student TAs with experience teaching virtually to teach the summer courses online.

As UW faculty and students, we all have access to Zoom and Microsoft Teams as well as a wealth of teaching and learning resources at UW.

Does the program or change require substantial new resources other than those just described? Describe the needs. Confirm that the dean is committed to providing the resources.

The proposed capstone certificate will not require substantial new resources. The department recently hired Professor Diego Román primarily to teach program courses in Spanish (his home language) and support program participants.

Will you be seeking federal financial aid eligibility for this Capstone program?

No

Curriculum and Requirements

What percentage of the curriculum, if any, is being proposed to change via this proposal?

No change to the curriculum

Guide Admissions/How to Get In tab

admission requirements

Applicants must possess a baccalaureate degree. Adult Career and Special Student Services (ACSSS) is the admitting office for all University Special students. The department offering the capstone certificate program makes the final admission decision upon review of all applicant materials. Applications are accepted for Summer with a priority deadline of April 1. Applications will be accepted on a rolling basis until May 1.

Students working on the Capstone may not be enrolled in other UW-Madison degree programs.

1. Complete an [online application](#) for admission as a University Special student. On your application, select UNCS Capstone Certificate and the program: Spanish-English Bilingual-Bicultural Education. This application is received and processed by ACSSS. The final admission decision is made by the Department of Curriculum and Instruction.

2. Submit the following materials to the Capstone Certificate program coordinator.

Proof of current Wisconsin teaching license

Transcripts from undergraduate institution demonstrating minimum 2.75 GPA

Advanced-low Spanish language proficiency on the [ACTFL Proficiency Placement Test](#) by taking the Oral Proficiency Interview ([OPI](#) or [OPic](#)) and the Writing Proficiency Test ([WPT](#)).

Are international students permitted to enroll in this program? No

Those who are not familiar with using the html editor fields may upload a document with information about the curriculum for use by those who will format and edit the content that will appear in the Guide.

Guide Requirements tab

Students ~~Students~~ in the Capstone certificate must complete the following coursework with a minimum 2.75 cumulative GPA and pass all practicum requirements.

Summer		
CURRIC 312	ESL/Bilingual Issues	3
CURRIC 670	Theories of Bilingualism and Biliteracy	3
Fall		
CURRIC 671	Educational Linguistics for Bilingual Teachers	3
CURRIC 625	Bilingual-Bicultural Education Practicum	1

Spring		
CURRIC 676	Bilingualism and Biliteracy in Schools	3
CURRIC 625	Bilingual-Bicultural Education Practicum	1

Minimum Requirements for Capstone Certificate Completion

Students must earn a minimum grade of C in each course used to meet Capstone Certificate requirements. Courses in which a student elects the pass/fail or audit option will not count toward completion of Capstone Certificate requirements.

All of the Capstone Certificate credits must be earned "in residence" (which includes on campus and distance-delivered courses) at UW-Madison.

All of the Capstone Certificate credits must be earned while enrolled in the Capstone Certificate program.

Individual Capstone Certificate programs may have additional requirements for completion, which will be listed above as/if applicable.

Total credits required:

14

Semesters to completion:

Guide Graduate Policies tab

Program Learning Outcomes and Assessment

List the program learning outcomes.

Outcomes – enter one learning outcome per box. Use the green + to create additional boxes.

	Outcomes – enter one learning outcome per box. Use the green + to create additional boxes.
1	Articulate, critique, and elaborate major theoretical perspectives on first and second/additional language acquisition and the relationship between first and second/additional languages
2	Articulate, critique, and elaborate dominant methodologies for bilingual-bicultural students
3	Analyze how social, cultural, and political contexts affect students' lives and educational experiences, and how this relationship affects students' learning opportunities
4	Design, implement, and justify effective curriculum, instruction, and assessment practices that facilitate learning and the development of bilingualism, biculturalism, and biliteracy
5	Apply knowledge of educational linguistics to develop strategies and approaches to support bilingual-bicultural students' language development

Summarize the assessment plan.

Required courses and the topics/themes, assignments, and final projects are intended to assess the extent to which students are achieving the learning outcomes for the program. Thus, course instructors and faculty supervisors--in the case of graduate student instructors--are responsible for facilitating the relevant assessments in their courses. Additionally, the program will distribute surveys to program graduates to obtain feedback about the quality of the program, how prepared they feel to work with K-12 bilingual (Spanish-English) pupils, and any particular policies or practices that created challenges or supported their program experience and program completion.

On an annual basis, the department Chair with the two program faculty (Professors Pacheco and Román) will review course syllabi and program information (e.g., enrollments, completions, feedback) to determine whether the assessment plan needs to be revised. Since the program is only one calendar year long (summer, fall, spring), all assessments will be undertaken on an annual basis. Any substantive changes to the assessment plan will be approved through the department, shared with the Provost Office, and implemented by the beginning of the new cycle of the capstone certificate.

Department Approved

Assessment Plan:

[Ed_Pacheco.docx](#)

Commitments

All required courses are approved through the school/college level.

Yes

Courses are offered on a regular basis to allow timely completion.

Yes

Courses have enrollment capacity.

Yes

Courses in the curriculum are numbered 300 or higher.

Yes

Courses in which a student elects the pass/fail option will not count toward completion of requirements.

Yes

Special topics courses are only used if all topics count for the certificate.

Yes

All requirements must be met; exceptions that amount to waiving requirements are not permitted.

Yes

Course substitutions to the curriculum should be kept to a minimum; if substitutions are being made on a regular basis, the curriculum should be re-examined. When course substitutions are made, the substituted course should be formally added to the curriculum through governance for inclusion in the curriculum the following academic year.

Yes

Substitutions are not permitted for any course unless the substitution would be provided for every student with the same substitution request.

Yes

All of the Capstone certificate credits must be earned "in residence" (which includes on campus and distance-delivered courses) at UW-Madison while enrolled in the Capstone certificate program. Because a Capstone certificate is comprised of just a few courses, it is not appropriate for students who already have completed the same or similar coursework at UW-Madison or another institution.

Yes

Students must earn a minimum grade of C on all attempted Capstone certificate coursework.

Yes

The program faculty/staff will ensure the program is encoded into DARS and will work with the Registrar's Office

DARS liaison to keep approved revisions to the curriculum current.

Yes

All students will be declared into the appropriate plan code in SIS via either an admission process or e-declaration. If the student does not have the plan code on their student record in SIS the student is not considered to be in the program.

Yes

The program faculty/staff will ensure the program website, Advance Your Career materials if applicable, and other presentations are consistent with the Guide information for this program.

Yes

Degree-seeking students may not be concurrently enrolled in a Capstone certificate program.

Yes

Students enrolled in Capstone certificate programs are NOT eligible for teaching assistant (TA), research assistant (RA), project assistant (PA) nor graduate fellowship support. Programs must disclose this program policy to Capstone certificate students in the recommendation of admission letter, program website, program handbook, and program orientation.

Yes

To be eligible for admission to a Capstone program, a student must hold an earned bachelor's degree or equivalent credential from an accredited college or university.

Yes
